

Scholarship Program

Dear Donor,

The Hispanic Health Coalition (HHC) is a non-profit organization established to improve the health outcomes and advance health equity for Houston's Hispanic community. As the Hispanic population continues to grow and transform the landscape, the HHC has also evolved under an active board to carry out its mission by implementing community-centered health initiatives. Through active partnerships with prominent community organizations, we continue to lead advocacy efforts and promote health equity and inclusivity for Houston's Hispanic community.

One of the ways the Coalition carries out its mission is by providing scholarships to Hispanic students who are pursuing a career in the health field. The HHC Scholarship Program has been supporting outstanding and deserving Hispanic scholars since 2011, and with your donation, we can continue to financially support Hispanic high school, undergraduate, and graduate students to successfully complete a higher education degree. Together, we can transform the lives of our students who aspire to achieve a career in the health field that will serve the Hispanic community in the near future.

This year the HHC Scholarship Program seeks to award deserving students with a scholarship that will financially support them in pursuing their degree. We would greatly appreciate your financial support in helping them fulfill their destinies by giving the gift of education.

Please consider attending our HHC's Scholarship Recognition Luncheon on July 20, 2023 at the Junior League of Houston. Your support will ensure scholarships for these deserving students and future Hispanic professionals.

BEST REGARDS,

Norma Olvera

Hispanic Health Coalition President
