Health Coalition** 

# About Us

The Hispanic Health Coalition (HHC), is a non-profit organization dedicated to enhancing health outcomes and fostering health equity within Houston's Hispanic community. Guided by an active board, HHC implements community-centered health initiatives and spearheads advocacy efforts in collaboration with prominent community organizations.

The Hispanic population is consistently growing and is expected to continue, the imperative for a healthcare workforce mirroring this diversity becomes crucial, presently standing at only 9%. A diverse healthcare workforce plays a pivotal role in comprehending and addressing the unique healthcare needs of the Latino community.

As part of its impactful mission, the coalition champions the education and future of Hispanic students pursuing careers in healthcare. Since 2011, the HHC Scholarship Program has provided vital support to exceptional Hispanic scholars. Notably, the program aims to continue its impactful work by offering scholarships to high school, undergraduate, and graduate students, fostering their journey toward higher education.

Our goal for this year is to raise \$75,000, enabling us to award scholarships to a greater number of students, supporting them in their pursuit of higher education. Your generous donation has the power to positively impact these students' lives, empowering them to contribute to the Hispanic community through careers in healthcare.

To showcase your support, consider joining us at HHC's Scholarship Recognition Luncheon on June 17, 2025, at the Junior League of Houston. Your presence and support will be instrumental in guaranteeing scholarships for deserving students and fostering the growth of the next generation of Hispanic healthcare professionals. Let us unite to create a lasting impact on education and promote health equity together.

*Norma Olvera, Ph.D.*

President
